NEVIN MAY WIN OUT

In His Effort to Have the Third District Made Republican.

TWO CONSTITUTIONAL AMENDMENTS.

Resolutions to Remove Taxation Restrictions and Give the Governor the Power of Veto Are Adopted in House.

Columbus, O., April 25.—The new redistricting bill introduced in the senate by Mr. Burnham, making the Third district by adding Warren county, had its third reading in the senate, and on motion of the author was made a special order for Wednesday next at 10:30 a. m. The bill also put Franklin county in the Twelfth district by itself. It is understood that Congressman Nevin, who was in the city Thursday evening in conference with Governor Nash and other prominent state officials, received assurances of support from certain quarters which he had not heretofore had. One of the prominent Hanna leaders said that Roll, the member from Warren county, would oppose adding his county to the Third district, if the bill should pass the senate.

The Patterson bill abolishing existing boards of elections in cities and providing for the appointment of new boards, the controlling party committees to name the members, was on the senate calendar, but Mr. Patterson did not call it up, fearing the result of a vote, as several Republican members were absent. Just before the adjournment, Senator Royer, the Democratic floor leader, called the bill up and wanted it placed upon its passage. Mr. Patterson immediately moved an adjournment and this motion was agreed to by a vote of 13 to 12 days. This action carries the bill over to a future date.

Senator Harding, the Republican leader in the upper branch of the general assembly, who is ill at the Great Southern hotel, where he has been making his home during the legislative session, has been compelled to undergo an operation, and it is regarded as extremely doubtful whether he will be able to resume his seat in the senate before the final adjournment. He has a gathering in his ear, and is said to be a very great sufferer, though there is nothing serious in his condition.

The Carle-Decker bills embracing the Tom Johnson theory of taxation, will come up in the senate as a special order Tuesday. These bills were made a special order by the Republican majority for April 29, when it was expected that the legislature would adjourn April 28, but the session has been prolonged, and the majority will now have to meet the question again.

It is not believed that the legislature will get away before May 12.

In the House.

The house passed the Denure insurance bill, allowing old line insurance companies to reinsure their risks. It is half a law.

A law is in existence which forbids the use of the union label except the genuine, but there has not been a law which forbids persons not authorized, to use the genuine. It is claimed that persons who formerly used a counterfeit for the label are now using the genuine and that the unions are helpless so far as legal process is concerned, to stop this. The house passed a bill by Mr. Willis to stop this.

Other bills passed by the house were: To reduce the percentage of road improvement which can be assessed under the present law against property holders from 25 to 10; to amend the law so that when property is purchased from an insolvent person, the innocent purchaser shall not suffer; to prevent the delivery or distribution of immoral literature of any kind.

The house devoted the day to the state constitution, and when deliberations were concluded, arrangements had been made to submit to the people of the state several propositions to amend the constitution. The first amendment matter taken up was the Godfrey resolution, which was adopted in the senate several days ago. This amendment provides for an amendment to the state constitution so that the governor will have the power of veto. The resolution was finally adopted by a vote of 66 to 35. The other amendment provided for is the Wirt resolution, which changes the system of taxation. The powers of the legislature are limited more in the matter of taxation in Ohio than perhaps any other state in the Union, and it is held by many that this is a disadvantage to the commercial interests of the state. The resolution, which was adopted, provides

that the legislature shall regulate the matter of taxation, but that taxes shall be uniform on the same classes of subjects.

Then the house passed the Longworth senate bill, which prescribes the manner of submitting constitutional amendments to the vote of the people. Under the provisions of the Longworth bill, which is now a law, the two parties, in state convention, will adopt resolution for or against the amendment, which will become a part of the party ticket, so that every man who votes a straight ticket will either vote for or against the amendment, as the case might be. Then if he does not vote a straight ticket he will have a chance to vote for or against the amendment at any rate.

AN IRONTON COUPLE

Rescued From the Steamer Sunrise Which Burned at Sunrise.

New Orleans, April 25.—The steamer Sunrise, Captain Frank Scovall of the Red River line, burned to the water's edge at her wharf here at daylight. She had a number of passengers, all of them Louisianans except Mr and Mrs. Jerry Davidson of Iron-ton, Ohio. The fire spread rapidly and some of the passengers and crew had narrow escapes, but all were saved. The boat carried considerable freight which was badly damaged. Sunrise was valued at \$25,000, with insurance of \$12,000.

The Smith Courtmartial.

Manilla, April 25.—The trial by courtmartial of General Jacob H. Smith on the charge of conduct prejudicial to good order and discipline, began. General Lloyd Wheaton presided. Colonel Charles A. Woodruff, counsel for the defense, said he desired to simplify the proceedings. He was willing to admit General Smith gave instructions to Major Waller to kill and burn and make Samar a howling wilderness, that he wanted everybody killed capable of bearing arms, and that he did specify all over 10 years of age, as the Samar boys of that age were equally as dangerous as their elders. Captain David Porter, marine corps, and Lieutenant John A. Day, marine corps, were the only two witnesses examined. Their testimony developed nothing new. Major Littleton W. T. Waller, marine corps, will be the only other witness by the prosecution. He was unable to be present on account of sickness, but it is expected he will be in attendance Saturday.

Henry Schaub Hanged.

Newark, N. J., April 25.—Henry Schaub was hanged here for the murder of his wife and child. The drop fell at 10:10 o'clock. As the body fell the man's head was nearly severed and blood spurted from the neck. Schaub was a barber, but did not work steadily and was dissipated. His wife made arrangements to leave him and when he learned of her determination, he killed her and their child. He cut his own throat but not enough to cause a serious wound.

Cabinet Meeting.

Washington, April 25.—The cabinet held a short session during which the relative proportions of the Colombian and Nicaragua governments in connection with the proposed canal were discussed. Both propositions will be at once submitted to congress. The president is exceedingly anxious that whatever determination congress may come to as to the relative merits of the two routes, in any event some decision may be reached at this session.

Pandemonium On 'Change.

Chicago, April 25.—Pandemonium ruled the first half hour of grain speculation. General rains in many of the wheat states and fair traces of it in Kansas, precipitated a selling movement in wheat at the opening that for a time promised a panic. The only sentiment shown by traders was to stop the loss they had incurred by buying at high prices on the dry weather scare.

Killed Three.

Thomaston, Me., April 25.—As a result of drinking Columbian spirits a refined grade of wool alcohol, three convicts at the Maine state prison here are dead and four others are so seriously ill that their recovery is not expected. Among the dangerously sick is Edward Graffam, the murderer of Clifford Mosher of Gorham, who is serving a life sentence.

"Shceney" Harris Shot.

El Paso, Tex., April 25.—"Shceney" Harris was shot through the heart here by Clarence Wolverton, a special policeman in a revolver duel in a gambling hall. Wolverton was wounded in the hand. Five years ago when Wolverton was chief of police of Colorado City, Colo., he ran Harris out of town and Harris, it is said, threatened to kill him on sight. They met for the first time here. The coroner's jury acquitted Wolverton.

FIGHTERS ARRAIGNED

Principals in the Streetcar Row at Washington in Court.

THE SENATOR PLEADS NOT GUILTY.

The Date of the Preliminary Hearing is Fixed by the Court and All of the Prisoners Are Released.

Washington, April 25.—Senator Herando D. Money of Mississippi was placed in custody on information sworn out by Orpha D. Shaner, the street car conductor who ejected the senator from his car. The information charges the senator with assaulting the conductor during the disturbance, and the conductor produced a witness who corroborated his version of the story. Senator Money, Conductor Shaner and James E. Hooper, the truck foreman of the fire department, who assisted the conductor, were arraigned in the police court later and their trial set for next Thursday morning.

Senator Money and Foreman Hooper were released on personal bonds and Conductor Shaner on collateral deposited with the police on his arrest. Senator Money arrived early at court and was closed for some minutes with Judge Kimball. All the parties were given a preliminary examination before Assistant District Attorney Mullooney. Senator Money told Mr. Mullooney that the man who assaulted him and assisted the conductor wore a salt and pepper suit of clothes.

"What clothes did you have on yesterday?" he asked Hooper.

"The same as I have now," was Hooper's reply.

Hooper was wearing a dark suit.

"Then," returned the senator, "you are not the man who assaulted me. What part of the car were you in?"

"I sat in the next seat to you," replied Hooper.

"Then you are the man," returned the senator. "Did you help eject me?" asked the senator.

"No," replied Hooper. Hooper said he caught the senator by the wrist when he thought he was about to cut the conductor.

A witness named Martin, who saw the occurrence, said he heard an exchange of words between Money and Shaner regarding a transfer. The senator refused to pay either transfer or fare. The conductor then took hold of him and ejected him. Then the conductor left the senator and was returning to the car with his back to the senator when the latter approached the former and struck him with a knife. Witness Martin swore to this statement, and the information then was made out against the senator. The court proceedings occupied only a few minutes. Attorney Dunlop, a son of the president of the road, represented Shaner and Hooper. Senator Money pleaded not guilty to a charge of assault and asked for a trial by jury. The other two defendants also pleaded not guilty. Senator Money objected to setting the trial for Wednesday on account of important committee meeting and he said he wanted "the whole thing over with as soon as possible."

Shaner and Hooper asked for trial by jury and the cases will thus be tried at 10:30 Thursday morning.

Message From Chaffee.

Washington, April 25.—Adjutant General Corbin made public the following extract from a cablegram just received from General Chaffee respecting the situation in Mindonao, dated April 24: "Before Baldwin could be communicated with he had taken fort at Pulas after slight resistance. No casualties. Very soon after neighboring town of Ganasi opened its doors, hoisted white flag and delivered red flag. Datto Lampok and others with strong following asked permission to call and make peace. Datto Amani Pack of Ganasi, who sent threatening message in reply to my letter, is one of those who have submitted. Camp is two miles from Ganasi, whose sultan has asked Baldwin to come there. Have directed him not to move. It is my purpose to have interview with General Davis. Will go on Hancock, which leaves here for Malabang."

Railroad Wreck in London.

London, April 25.—Fifty persons were injured in an accident in the Great Eastern railway, near the Hackney Downs station. As a train from Walthamstow called the "Three Penny train" was crossing a bridge an axle of the car nearest the locomotive broke and the coach jumped the rails, crashed into the side of the bridge and lodged across both tracks. The train was filled with persons on their way to work.

SHIPPING COMBINE.

Morgan's Latest Scheme Still Attracts Attention in England.

London, April 25.—Further questions in the house of commons on the subject of shipping combine elicited information showing that the government was taking steps to cope with the situation, which evidently was officially considered detrimental to Great Britain.

The president of the board of trade, Gerald Balfour, said the board of trade had no official information about the combine, but plenty of unofficial intelligence had reached the board. The effect of such combination on British shipping generally would receive the careful attention of the board, but any formal inquiry would be premature.

Morgan's Views.

London, April 25.—J. P. Morgan, Jr. said: "There has not been a single development in the shipping trust since the announcement of April 19. All this agitation in England is quite unbased. We cannot transfer ships from the British to the American flag, and what is more, we have not contemplated it. Some of the papers here are certainly making a great fuss, but it all appears to us to be very sensational journalism. We know of no opposition to the combine, and neither know, or particularly care at the present moment what the Cunard and other outsiders' plans may be. In course of time the agreement on which the trust is based, will be submitted to the shareholders of the individual companies concerned. But a good deal has got to be done before that happens."

HAS PNEUMONIA.

Doctors Make Known Diagnosis of Archbishop Corrigan's Disease.

New York, April 25.—The following bulletin signed by Drs. Edward L. Keyes and Francis Delafield, was issued: "Archbishop Corrigan has an attack of pneumonia. He passed a comfortable night and is resting easily. There are no unusual symptoms." The archbishop's secretary announced that two bulletins a day will be given out concerning the archbishop's illness—one at 9:30 a. m. and another at 9:30 p. m. Drs. Delafield and Keyes will have a consultation with Dr. Theodore C. Janeway.

After the bulletin had been issued Dr. Keyes said pneumonia is always serious in a man of the archbishop's age—62 years.

The workmen who have been digging the foundations for the Kelly memorial chapel, behind the cathedral, at Fifteenth street and Madison avenue, were sent home. Numbers of persons waited near the archiepiscopal residence to get news of the sick prelate's condition.

Schaffers' Policy Approved.

Wheeling, April 25.—The session of the Amalgamated association convention was devoted to hearing the reports of the several committees, including those on wage scale, officers' reports and headquarters. "There is not likely to be much debate over the committee reports," said a prominent official of the association. All the questions are fought out in committee and by the time the reports are made to the convention the delegates are tired of arguing and are willing to abide by the result of the committee. It is only on very important matters that fights are made on the convention floor. I think all the reports can be disposed of in the day time." The committee is preparing an argument in favor of the course followed in the signing of the scales and will defend President Schaffers policy vigorously. A minority report will be presented. This is about the only matter that may occasion debate. Little doubt exists that the scales will be endorsed. Nothing is given out regarding the nature of the committee reports. It is said the president's policy was endorsed from start to finish by all the committees. This would indicate his re-election as president.

To Educate All.

Athens, Ga., April 25.—The eloquent address of Governor C. B. Aycock of North Carolina, was the feature of the forenoon session of the Southern Educational conference. Governor Aycock's subject was "Education and the Voluntary Tax." He was repeatedly interrupted by applause and when he ceased speaking the entire audience rose to cheer him. Governor Aycock said that the state of North Carolina had determined that every child of the state, white and black, should be educated.

Trenton, N. J., April 25.—William N. Boggs, who was sentenced to five years imprisonment in the New Jersey state prison for wrecking the Dover (Del.) national bank, was pardoned by President Roosevelt. Boggs had about another year to serve to complete his sentence.

PLAN OF STEEL TRUST

Fully Explained in a Circular Letter Sent to the Stockholders.

PREFERRED STOCK TO BE RETIRED.

The Finance Committee Sets Forth in Detail Various Reasons Why Refunding Scheme Should Be Approved.

New York, April 25.—The stockholders of the United States Steel corporation received the circular letter of the corporation setting forth the exact terms under which it is proposed to retire \$200,000,000 of seven per cent preferred stock and issue \$250,000,000 of five per cent bonds, thereby increasing the bonded debt from \$300,000,000 to \$550,000,000.

Accompanying this circular was a report of the finance committee which sets forth in detail various reasons why the refunding plan should be approved, together with a series of resolutions reciting how the plan is to be carried out. The stockholders report, signed by President Schwab and Chairman Gary, says in part:

"In February, 1901, various subsidiary companies had under contemplation, and in many cases actually had begun the construction of additions to their plants, which in some instances would have duplicated the facilities of other subsidiary companies. The aggregate of these contemplated expenditures was something like \$50,000,000. As stated in the preliminary report much that at the time of organization it was hoped might be accomplished in the way of avoiding wasteful expenditures for unnecessary enlargement of plants, has been accomplished by co-operation among the several companies, enabling one to utilize the facilities of the other.

"However, owing largely to advance commitments, it was impossible to stop all construction at the time your corporation was organized, and in order to finish work then already under way, cash payments have been made during the year to the amount of \$15,000,000. It was not possible then to determine how much of this contemplated expenditure of about \$50,000,000 would have to be made, nor in advance of sufficient experience would have been wise to capitalize any part of the \$15,000,000 that have been actually expended.

"Within the next few months will fall due payments aggregating about \$10,000,000 for properties purchased almost immediately after your corporation was organized. In the preliminary report to stockholders these payments were described as 'purchase money obligations.' The finance committee is unanimous in its support of the executive committee's recommendations, and believe that as desired by the executive committee \$25,000,000 should be made for improvements.

Call For \$50,000,000.

"The finance committee also recommends capitalizing both the \$15,000,000 expended during the year for commitments made prior to your corporation's organization and the \$10,000,000 yet to be paid for properties as above stated. These three purposes in the aggregate call for \$50,000,000.

"The problem confronting finance committee has been to make provision for the \$50,000,000 without issuing preferred stock, which stock cannot be sold at less than par and which if sold at par, would be entitled to dividends at the rate of seven per cent and would increase by \$3,000,000 the present annual dividend requirements of the corporation.

"The unanimous conclusion of the finance and executive committees is that considering the vast aggregate value of the physical properties, the proposed \$250,000,000 increase of bonds from \$300,000,000 to \$550,000,000 is conservative and wise, the preferred stock issue being simultaneously decreased 40 per cent, or \$200,000,000. The consequent \$14,000,000 reduction of dividend payments, as compared with the \$12,300,000 increase of interest would result in a net annual saving of \$1,500,000, exceeding by \$490,000 the annual sinking fund contribution of \$1,110,000 to be required by the proposed mortgage, and which invested at 4 per cent would be sufficient in 60 years to pay off all of the \$250,000,000 bonds.

"To further the success of the plan there has been formed a syndicate, including some directors, which will receive four-fifths of the 4 per cent compensation, to be paid under the contract with J. P. Morgan & Company, mentioned in the notice of stockholders' meeting."

The stockholders' meeting to vote on the proposed changes in the company's securities will be held at Hoboken, N. J., on May 10.

ATTORNEY GENERAL KNOX has at last concluded there is such a thing as the beef trust, and has instructed District Attorneys to begin proceedings against it. Better late than never.

WONDER if there's a lawyers' trust? Martin M. Durrett, a Mason County boy, now an attorney in Covington, recently sued and got judgment for a \$15,000 fee for engineering a \$10 lease for the Covington Transfer Railway Company. If the sums were transposed they would probably be nearer just; but it should be remembered that the suit was against a "corporation"—made up probably largely by widows and ordinary women.—Public Ledger.

Why don't you give the facts? The Times-Star places the prospective value of the franchise at from \$300,000 to \$500,000. The court didn't regard Mr. Durrett's claim as unreasonable.

MANILA, April 25.—The trial of Gen. Jacob H. Smith, Commander of the American troops in Samar, for ordering Maj. Waller to kill natives without trial, began to-day. He pleaded not guilty, and Col. Woodruff, who represents him, addressed the court. He forestalled the prosecution by admitting that the majority of the accusations were true. His client, he said, did not desire any prisoners, and had ordered Maj. Waller to kill the natives and burn their houses. The age limit, Col. Woodruff said, was made ten, because some boys had taken up arms against the Americans.

And that's the way Uncle Sam is going to civilize or "pacify" the Philippines! If there is any more barbarous method of warfare than this, where can it be found? Better bring the army home than to have the flag of the true and the brave stained by such savagery.

SENATOR RAWLINS' ROAST.

That Senator Rawlins, of Utah, must have made the administration crowd wince in discussing the war in the Philippines. And recent disclosures justify him in his severe denunciation. In opposing the Philippine civil government bill, Rawlins charged that the present tactics of warfare in the Philippines was the virtual wiping of the Philippine off the face of the earth. He charged the administration with having turned traitor to the people who befriended it, shutting the gates of their own cities against them, mowing some down, depriving others of food, decimating inhabitants by trampling down hundreds without humanity, subjecting others to tortures almost beyond the ken of human ingenuity.

To cap the atrocities, he declared General Bell's order forcing the natives to march at the head of the army of invasion, as a lesson to recalcitrants, was the most monstrous ever devised. He cried aloud to God to stop the work of devastation before it went farther. He characterized General Bell as a brutal, cowardly beast, and said he had been honored by promotion for what he had done. Spoke of Chaffee as a cruel man, educated in the brutality of Chinese warfare, where he understood the allied forces pounded out the lives of infants against posts, women were beaten, drowned and where all manner of inhumanities were practiced, and declared he seemed to have been selected for operation in the Philippines for that reason, where a peaceful policy was to be supplanted. He termed his work criminal and diabolical, such as would forever defame American history unless the people arose in might and overthrow those instrumental in ordering such warfare. He said he believed the policy being followed was that originated by a "Military cabal of up-starts and parvenues, gathered within a several stone's throw of where I am talking, men who scheme to defame these brave men who go out, gain victories in this country's interests, men who are trying to drag down General Miles and elevate some up-starts."

"That was the meaning ascribed to it by the subordinate commanders who practiced the most inhuman conduct that the mind of man can conceive."

Mr. Rawlins sharply criticized Gen. Chaffee and denounced him as a "dastard villain who has brought dishonor upon the American name and the American people." He attacked the administration for referring to the army in the Philippines for investigation the charges against the military authorities in the island made by the provincial Governor Gardner. He declared that no proper investigation could or would be conducted by the army which was the object of the criticism.

A Stock You Can't Ignore IF YOU ARE CARPET HUNTING.

You'll find satisfaction on three very important points—quality, pattern, price. Three essentials that have positively made our carpet department.

And the business grows.
 Has been growing steadily for fifty years.
 Not by chance, but by careful exclusion of all questionable qualities.
 Some fine new things came last week and complete the best showing we ever had.
 Lowell and Bigelow Brussels. All wool, which means durability and beauty. Fifty styles in all.
 In Wiltons fifteen patterns of Bigelow, Lowell and Crosby manufacture. Ten patterns of Axminsters, each an artistic ideal.
 In the popular Tapestries, fifty patterns. If you want a floor fabric at popular prices you'll find satisfaction in this stock.

And the Ingrains, of super and extra super quality, number fully seventy-five patterns.
 Rugs—quite 100 gathered here. From an Art Square to a Smyrna or Velvet Doormat.
 Has your search revealed another stock approaching this in variety? Our carpets have the maker's name woven in the back or end. Remember this—for all dealers do not carry them and perfect satisfaction is found only in the genuine.
 All carpets are in ample supply for instant delivery.
 Prices are the lowest honest, reliable carpets ever touched. They'll surprise you.

D. HUNT & SON

HOW DOES THIS STRIKE YOU?

How would it do for Congress to pass a law requiring a person to have a Government license before engaging in any kind of business, with power reserved to revoke the license of any one on proof that that person has entered into a combine or trust to control the market? Such a law, with provisions for a severe penalty for any holder of a license to enter a combine, would reach the trusts, it seems to us. Under such a law, Armour & Co., Swift & Co. and other members of the beef trust could be put out of business on short order. The people have got to be protected from the greed and capacity of millionaires, and unless the Government provides that protection there'll be "a hot time" in this old country some of these days.

A law of this kind should be passed to apply at least to the prime necessities of life.

Two Straights.

The pacing race between Sheriff James Roberson's Spider, Elsie Clift's Ragland and P. P. Parker's Maggie Kirk came off on schedule time yesterday afternoon at the Maysville track, Spider winning with ease in two straight heats. Ragland a pretty fair second, but unfortunately for Maggie Kirk there was no ice on the track.

PERSONAL.

—Miss Sallie S. Wood left Friday to spend a few days with her sister, Mrs. Lyon, of Cincinnati.

—Manchester Signal: "Miss Lillie Pickett Smith, of Maysville, is the charming guest of Miss Phyllis Murray."

—Mrs. I. N. Foster and Mrs. William Watkins and little daughter visited the family of Mr. J. V. Lytle, of Paris, this week.

—Mrs. Davis Anderson, Miss Longworth and Mr. Buckner A. Wallingford, Jr., of Cincinnati, were guests of Mr. B. A. Wallingford yesterday.

At last accounts Mr. Thomas A. Keith was thought to be getting along very well.

The Juniors of the Y. M. C. A. will have another hare and hound race this afternoon at 2 o'clock. Every Junior should be at the association at the time stated. A good time is in store for the boys.

John R. Adamson, of Bracken County, has sold to Mrs. Ollie Reese about four and one-half acres on Clark's Run for \$350.

Wednesday night, April 30, there will be a meeting of those interested in photography at the Y. M. C. A. Seven persons have given their names already as members of the camera club. There is room at the association for a good dark room.

At Louisville the receiver of an investment company found 7 cents cash, a bottle of whisky and \$100 worth of furniture when he took charge of the office. The company had received nearly \$30,000. The principal officer of the company has disappeared.

POYNTEZ BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

The first gusher was struck in the Ragland oil fields Thursday, when the Morehead Oil and Gas Company brought in their fourth well on the Alfrey farm. The oil overflowed into Licking river and made the stream black for a considerable distance. The easy flow of this well has greatly encouraged the promoters, who are confident of striking the lake of oil. About 20,000 barrels is now in the big tank at Ragland, and the pumping continues at the rate of 800 barrels per day. It will take two months of steady pumping yet to fill the tank. The pumps are working stronger daily.

Dave Walker, an eight-year-old negro boy, living in Grave alley, sneaked into Mr. B. P. McClanahan's grocery Friday about noon while the latter was out on the rear porch, and was in the act of robbing the cash drawer when a daughter of Mr. McClanahan entered. The lad had his hands full of small coins which he scattered over the floor when she seized him. He then forced her to release him by biting her on the arm. Mr. McClanahan chased him to his home and what the lad's mother then did to the juvenile thief was more than a plenty. Mr. McClanahan had to put a stop to the drubbing she gave the boy.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

Miss Monie Bowey.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a \$1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

THE SECRET OF

Good Clothing

Lies in the length of time it can be worn without appearing old. Lots of cheap suits look well in the windows, but after wearing them a few weeks their shape is gone and it's all up with them. Our Rochester made goods are always good for two entire seasons—we see many of our customers wear them three seasons and still look "good."

Our entire spring lines are in, and such a feast in good things as we set before you is rarely the privilege of clothing buyers to partake of.

Not only in clothing beginning with the little fellows up to the largest of the genus homo, but in all that pertains to the sterner sex's outfit, we have the best that is made for your inspection. We call your attention to our wool crash outing suits and pants, our Norfolk coats and pants, the very swiftest of the swell. Our two button Double Breasted Serge and Thibet Suits are the proper caper for good dressers.

Take a glance at our Hopkins Straw Hats. Our Hanna Low Cut Shoes. Our Manhattan \$1.50 to \$2.50 Shirts. More like them were ever shown here before this season. In short, ours is "the" store if you want the "right thing" at the "right price."

THE BEE HIVE

HOT WEATHER is coming, of course. The weather man says it's 103 degrees out West and coming this way. Whew! we hope it won't be as hot as it was last year, but you can't tell. Better get ready as soon as you can—RIGHT NOW, these cool April days. So many things you wouldn't have to make if you only ask us about it.

SHIRT WAISTS

WHITE, of course, and Gibson style if you want it. And they might just as well be pretty: one pays as little for good styles as for poor. Depends on the store one goes to. THE LARGEST BUSINESS IN THE FURNISHING OF WOMEN'S OUTERWEAR HASN'T CENTERED HERE BY CHANCE.

CORSETS.

One wants comfort, whatever the calendar says. This Corset store wouldn't do its full duty if it did not anticipate your wants for all seasons. Summer Corsets ready. Summer mesh finest batiste, straight fronts, high bust, low bust, girdles corsets for shirt waists or gowns, 50c. up.

Newest Wash Fabrics.

A brilliant array in the choicest of the season's styles in this the biggest wash goods department in Maysville. Every conceivable weave, material or coloring found in this immense stock and every piece marked at price that mean the biggest kind of saving for our patrons. Scotch Lawns at 5c., Simpson Lawns at 8c., Persian Dimities at 12c., Dotted Swiss Muslin at 19c.

HOT SPRINGS OF ARKANSAS.

Uncle Sam's Great Health Resort—Thousands Visit the Place Every Year.

As a resort and cure for the sick, Hot Springs is at its best in the summer and early fall. Many think it is exceedingly hot at this season, but such is not the case. During the hottest weather of summer the temperature rarely reaches 95 Fahrenheit, and every night during the entire summer it is cool enough to sleep under cover. A night was never known in Hot Springs when the mercury did not go down at least into the seventies and the rule is lower than that. This condition is due to the fact that Hot Springs is located in the heart of the Ozark mountains, about 1,000 feet above the level of the sea, with peaks surrounding it several hundred feet higher.

Immediately after the sun sets the air begins to cool and refreshing sleep is possible from the early evening hours till late in the morning.

The waters have a better effect in summer than in winter, on account of the temperature being more favorable to their action. The warm weather aids and increases their action, perspiration is freer and consequently elimination is quicker and more thorough. There is less liability to colds, the cost of living is cheaper, hotel rates of all grades are about 25 per cent. lower and in every way it is more advantageous to the health seeker.

The state of affairs is becoming better known every year as is attested from the fact that there are never the dull months less than 3000 visitors, and practically all of them taking the baths.

The hot waters which flow from the side of one of the Ozark mountains, down in Arkansas, in volume approaching 1,000,000 gallons daily, are all under the direct ownership and control of the United States. The government not only owns the springs themselves and the mountain from which they flow, but three other adjacent mountains and intervening property, amounting to 1,000 acres.

The Hot Springs are held as a government monopoly, just as the making and sale of postage stamps are, and the income derived from the use of the water by the various bath houses is all expended in improving and beautifying the reservation. The process of improvement has been going on for years under the charge of the Superintendent appointed by the Secretary of the Interior, in whose department the control of the springs is vested. It is one of the government's most beautiful and artistic pieces of property.

Without going into details, it is enough to say that early in the present century the government became convinced that the waters of Hot Springs, Arkansas, possessed marvelous curative properties, and it would result in a great wrong and hardship to the people to allow them to remain in private hands, so in 1832, by act of Congress, they, with ample lands around them, were set apart as a "National sanitarium for all time," and were "dedicated to the people of the United States to be forever free from sale or alienation," so the act reads.

By this act the government became

the owner of seventy-two hot springs, with a temperature reaching as high as 157 degrees, and averaging 136 degrees Fahrenheit, and now controls them in a manner similar to the control exercised by their respective governments over Carlsbad and Baden Baden. These springs issue from the ground from a few feet above the base of the mountain to 200 feet up its side, and are now all inclosed in masonry and conducted to reservoirs, with two or three exceptions, where they are left open for the inspection of those curious to view the wonderful phenomenon and drink as near as possible to the fountain head.

First Baptist Church—Preaching at 10:45 a. m. Sunday by the pastor, Dr. Boyet. Subject, "How to Get Good." At 7:30, Rev. W. F. Taylor of the M. E. Church, South, will preach, the two congregations uniting in the service. The new pipe organ will be used at both services. The public cordially invited.

FIRE NEAR WEDONIA.

Dwelling House Belonging to Miss Anna T. Hord Destroyed Friday Forenoon. Insured For \$1,200.

The two-story frame dwelling house belonging to Miss Anna T. Hord, known as the Rodney Hord home near Wedonia, was destroyed by fire Friday morning between 10 and 11 o'clock. A heavy wind was blowing at the time, and the building caught in the roof from a spark from the kitchen flue.

The building was occupied by Mr. John Willett and family, who saved all the furniture and household goods on the first floor.

The loss on the building is placed at \$1,800 or \$2,000. It was insured for \$1,200 in the Farmers' Home Mutual Aid Association. It was not learned whether Mr. Willett had any insurance or not.

Miss Hord, owner of the property, is in New York.

WEATHER FORECAST FOR TO-MORROW

Sing a song of cleaning house!
Pocket full of nails!
Four and twenty dust pans,
Scrubbing brooms and pails!
When the door is open,
Wife begins to sing:

Just help me move this bureau here,
And hang this picture; won't you dear?
And tack that carpet by the door,
And stretch this one a little more,
And drive this nail and screw this screw,
And here's a job I have for you—
This closet door will never catch,
I think you'll have to fix the latch;
And, oh, while you're about it, John,
I wish you'd put those screen doors on,
And hang this curtain when you're done,
I'll hand you up the other one;
This box has got to have a hinge
Before I can put on the fringe;
And won't you mend that broken chair?
I'd like a hook put right up there;
The bureau drawer must have a knob;
And here's another little job;
I really hate to ask you dear,
But could you put a bracket here?

ALL THOSE LITTLE TRIFLES THAT ARE NEEDED AT HOUSECLEANING TIME.....

Doan's Kidney Pills are indorsed in
Maysville.
No better proof of merit can be had.
Here's a case of it. We have plenty
more like it.

Mr. George N. Crawford blacksmith
and wheelwright, corner of East Second
and Lee streets, says: "The great benefit
which speedily follows the use of
Doan's Kidney Pills seems little short of
miraculous. I procured the remedy at
J. Jas. Wood & Son's drug store, corner
of West Second and Market streets, and
by the time I had used one box I was
cured. If anyone suffers from kidney
troubles while such an effective kidney
cure as Doan's Kidney Pills can be had,
the fault is their own."

For sale by all dealers. Price 50 cents
a box. Foster-Milburn Co., Buffalo, N.

PITHY POINTS.

It appears that when Mrs. Nation let go of the
bellows out in Kansas that the hot winds seize
hold of them.

Broughton came near voicing the sentiments
of the Republican party when he said he was
glad that Goebel was assassinated.

Wonder whether Colson spoke for other mem-
bers of the Republican party than himself when
he said, "We admit that the shot that killed Goe-
bel was fired from the Secretary of State's office?"

It's mighty thin comfort to that penitentiary
gang that the Republican press and people at
whose behest they acted in the matter of Goe-
bel's assassination, are now wasting time and
wind in proclaiming their innocence.

A man talks about owning his business. But
as a matter of fact his business owns him. His
whole life is regulated by the demands of the
business. The time at which he rises, his break-
fast hour, the time given to meals, are deter-
mined by business obligations. He rushes through
lunch because he "can't spare the time from
business" to eat leisurely. He won't take a rest
because he is needed at the store or office. He
is in fact an absolute slave to business. The re-
sults which follow this slavery are to be seen on
every hand. Men dyspeptic, irritable, nervous,
with drawn faces, and hollow eyes, sit at the
desk or stand behind the counter until they
collapse in a fit of sickness, or are taken away by
heart failure. Those who cannot escape the
exactions of business will find a friend in Dr.
Pierce's Golden Medical Discovery. It strength-
ens the stomach, increases the action of the
blood-making glands, increasing the vitality
and physical vigor. It makes men strong and
prevents those business break downs which so
often terminate fatally.

The Endeavor Society of the Christian
Church gave a very enjoyable social

9:45 o'clock, the session closing at 10:30.
